

Hello all

Attached please find the menu for the Friday night dinner options at White Spot in New Westminster and the allergy warnings for each of the meals. Although we only have a few allergies on the tour, please take the time to double check that the food choice will be appropriate for your child. If there is an issue, please contact me directly.

Go through the choices with your child and I will have them sign up this week (if they are band students) and Monday (if they are strings or choir students). Both of these documents will be available on my website.

Ms. Mackenzie and I will be making our 4 person room groups soon. Be aware that we try to put friend groups together, but it is not always possible when it is a friend group of 5. Plus, they are only going to be together for about 8 hours, so they do not have to be best buddies, and I encourage them to just deal with the room assignment. It is very rare that we make changes, especially since friend groups will change before tour happens anyways.

Thanks for everything
Kelly
